All Aboard Florida is an intercity passenger rail project being developed by Florida East Coast Industries, Inc. (FECI) — owner of Florida’s premier passenger rail corridor — that will connect Miami to Orlando with intermediate stations in Fort Lauderdale and West Palm Beach. This rail service will give Floridians and visitors a viable transportation alternative to congested highways and airport terminals. All Aboard Florida will provide a high-quality experience for passengers and will be the only privately owned, operated, and maintained passenger rail system in the United States.
